#11 What type of support are you looking for from government right now? (Please specify.)

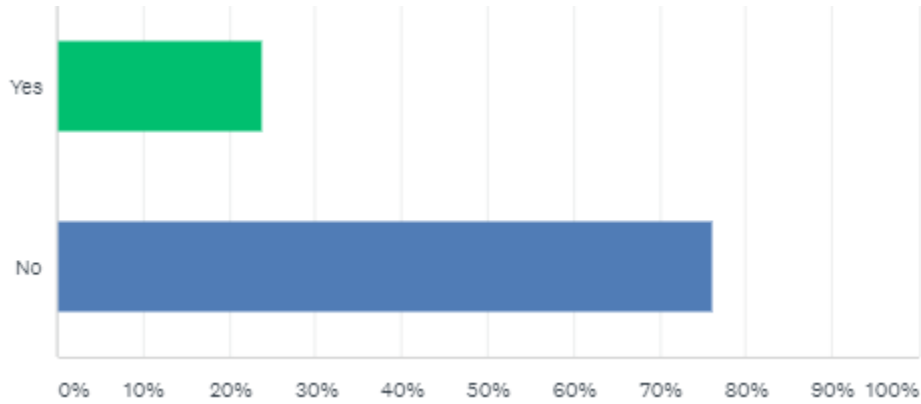

Answered: 16

Skipped: 5

- None. (4)
- My application for Small Business Relief Grant (from January) is still under review.
- Hairstyling business so I fall between the cracks and online presence does not do much when you are closed.
- I would like funding to build an outdoor office so I can resume in-person sessions for clients who need them (this is a clinical issue because remote therapy is not appropriate for all clients, not everyone has access to internet or privacy to conduct remote sessions, and although research demonstrates the general effectiveness of tele-therapy as equivalent to in-person, this is not the case for all individuals).
- A continuation of the Small Business Support Program.
- Faster vaccine appointments for essential workers. Sufficient notice regarding closures and reopening dates.
- Small business grant to develop new products / market online.
- Debt forgiveness. It will take 7 years for us to repay debit we borrowed from the government to stay alive during the pandemic. Our family of 5 all work the business full time. Closing was not an option as our family depends on our business for their livelihood.
- Remove lockdown / restrictions.
- Flat rate grant for artists because we have barely made any money this year but expenses stayed the same. Also, tried to have an online business but Internet service is poor and no money for marketing.
- Marketing.
